

September 27, 2011

My husband and I hired Bob Youngs to do a remodel on a manufactured home we purchased. Manufactured homes present a unique set of problems during a remodel but *Bob handled them all in stride.*

*Bob was extremely easy to work with and was always available to answer our many questions. His two sons, who are a part of his team, are wonderful young men.*

*Bob is honest and helpful and I would highly recommend him to anyone wanting a quality job done.*
