Hi Bob,

Please feel free to use this recommendation and any photos of our house you would like to in your website:

We hired Bob Youngs to remodel our master bathroom, replace all the windows and doors in our home, install a TV and ceiling fan in our master bedroom, paint the house inside and out, and to replace our wood-burning stove with a gas-burning stove. We were very pleased with the results and loved working with Bob. First of all, we know nothing about construction, remodeling, etc. Bob was very patient with us as we changed our minds constantly about what we wanted to do. And the sub-contractors he hired all did excellent work. We trust Bob to get the job done correctly. We will definitely hire him again for any further remodeling we want to do.

Also, when we get up the courage to tackle the kitchen we'll definitely contact you.
